I'm assuming no issues covering these two items. This briefing/meeting to discuss will most likely be late Monday afternoon and will include Dr. Nance and possible some AA's and/or Deputy AA's. Cecil is aware of the potential scheduling, but wanted to make sure no major issues. If no major issue, maybe I can work with ECAD later today on item 1 regarding history/concerns.

Hi all,

Here is what I have for proposed agenda:

- R6 will cover history at the site and current community concerns including other sources of risk and EJ issues.

Ex. 5 AC/DP

- OAQPS will cover current monitoring data and what it means.
- OAQPS will cover rollout plan for that data. [I will attach that plan when Kristen gives me the go ahead to the meeting invite.]

Two Questions:

1. Can we cover all this in 45 minutes? 30 feels like it would be too short, but I would like to keep it as short as we can given difficulty of schedules.
2. How late is too late to have this meeting? I know we need it ahead of the posting/release but do we know exactly when that is yet? Early next week is my goal, but it could help going to scheduling to know how early it needs to be.

George and Isabel, I will reach out separately to you directly to make sure you have the right reps on from your offices.

-Madeline
